H.3 REIMBURSEMENT OF TRAVEL COSTS (DEC 2003)

CLA.4531

This clause governs the payment of travel expenses as a direct contract cost, as differentiated from indirect travel cost or Company travel that would be governed by the Contractor's internal travel policies. The Government will reimburse the contractor for travel costs, as specified in this clause, that are required, approved and incurred by contractor personnel traveling outside the commuting range of their assigned work location in performance of this contract.

(a) Travel under this clause must be funded under the contract/order and then authorized in advance by the Contracting Officer (CO) or Contracting Officer's Technical Representative (COTR) before travel costs are incurred and charged as a direct contract cost. All travel related expenses claimed for reimbursement shall be separately identified by individual, by trip. The contractor shall submit proof of its actual purchase price for commercial transportation, lodging and any other items for reimbursement at actual cost. Unless directed otherwise, in writing, by the CO or COTR, subsistence cost (meals and incidental expenses) shall be billed and paid on the per diem basis specified below.

(b) Government reimbursements for claimed travel costs, including per diem, will be made in accordance with the FAA's Travel Policy (FAATP), as amended, issued by the Federal Aviation Administration and maintained on its website, <http://www2.faa.gov/aba/html tp/index.html>. Reimbursement for common-carrier fares shall be limited to actual cost of the lowest economy, standard, coach, or equivalent fare offered during normal business hours, plus customary agent fees. Any other common-carrier charges, reimbursement for private or corporate air travel or use of rental cars must be included in an advanced written authorization to travel. Expenses for transportation by private or corporate vehicles shall be reimbursed on a mileage basis at the FAATP

transportation rates in effect at the time the travel is accomplished, plus necessary tolls, or at the total constructive cost of common carrier transportation, whichever is most advantageous to the Government.

(c) The contractor shall not be entitled to reimbursement under this clause for any travel costs associated with contractor-directed personnel changes, personnel/labor disputes, for employee convenience, or for travel to and from the normal assigned work locations. All claims for reimbursement are subject to the cost principles contained in the FAA's Acquisition Management System.

(d) Travel costs for transportation, lodging, per diem or subsistence and other related expenses shall not be burdened by any profit or indirect costs, with the exception of a nominal handling charge. Nominal handling charges may be charged for travel under this clause to the extent specified in the contract/order price schedule or payment clause elsewhere in this contract.

PART II - SECTION I - CONTRACT CLAUSES

I.1 AVAILABILITY OF AIRCRAFT (JAN 1997)

CLA.1029

(a) Should the aircraft intended for training purposes under this contract become unavailable, the contractor shall review all available aviation-related sources to acquire a replacement aircraft. Competition shall be sought to the maximum degree possible. The contractor shall make all reasonable efforts to acquire a replacement aircraft within 90 days of the date that the original training aircraft became unavailable. If the contractor is unable to acquire another aircraft that is acceptable for flight training, the contractor shall notify the contracting officer and furnish the same with a written summary of:

- (1) the contacts made by the contractor in seeking a replacement aircraft, and
- (2) the responses to inquiries made by the contractor.

Upon the contractor's notification to the contracting officer, the FAA may likewise review alternative sources for a suitable replacement, suggest possible sources to the contractor, and/or furnish an aircraft as Government-Furnished Property (GFP).

(b) The inability of the contractor to acquire a replacement aircraft, following the exhaustion of all reasonably viable sources, shall be regarded as beyond the control of the contractor and not due to negligence on the part of the contractor, and will not be a basis for termination of the contract for default. If this situation does occur, the Government will have the following options:

(1) continue the contract with ground school and simulator training at the rates specified in Part I, Section B, less all costs associated with the flight portion of the training (e.g., aircraft rental/lease, flight instructor, etc.).

(2) terminate the contract for convenience in accordance with AMS 3.10.6-1, Termination for Convenience of the Government (Fixed-Price) as applicable in Part II, Section I. Termination for convenience due to aircraft unavailability shall not be a basis for claims for compensation other than that already owed to the contractor for training completed prior to termination.

I.2 ORAL AND WRITTEN TELECOMMUNICATION ORDERS (JAN 1997)

CLA.1035

Oral and written telecommunication orders are authorized. This method of ordering shall be used to fulfill emergency requirements and will be followed by a written order.

I.3 LOSS OR DAMAGE (JAN 1997)

CLA.3201

The contractor shall save and hold harmless and indemnify the Government against any and all liability, claims, and costs of whatsoever kind and nature from injury to or death of any person or persons and for loss or damage to any property (Government or otherwise) occurring in connection with or in any way incident to or arising out of the occupancy, use, service, operations, or performance of aircraft flight training in connection with this contract, regardless of whether the loss or damage occurs in flight or on the ground, resulting in whole or in part from the negligent acts, fault, or omissions of the contractor, any subcontractor, or any employee, agent, or representative of the contractor or any subcontractor. This excludes conditions or situations which are the sole responsibility of the Government, loss or damage resulting from improper aircraft maintenance by the Government, defects in Government-owned aircraft, or failure of Government-owned and maintained equipment arising from Government negligence, action, or inaction.

I.4 3.2.4-16 ORDERING (OCTOBER 1996)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from during the effective period of the contract stated in the Schedule.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

I.5 3.2.4-17 ORDER LIMITATIONS (OCTOBER 1996)

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than the minimum hours required to train an inspector, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor-

(1) Any order for a single item in excess of one inspectors/students;

(2) Any order for a combination of items in excess of the estimated annual requirement; or

(3) A series of orders from the same ordering office within 30 days that together call for quantities exceeding the limitation in subparagraph (1) or (2) above.

(c) If this is a requirements contract, the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) above.

(d) Notwithstanding paragraphs (b) and (c) above, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 30 days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

I-6 3.2.4-19 REQUIREMENTS (OCTOBER 1996)

(a) This is a requirements contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies or services specified in the "Schedule" are estimates only and are not purchased by this contract. Except as this contract may otherwise provide, if the Government's requirements do not result in orders in the quantities described as "estimated" or "maximum" in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. Subject to any limitations in the Order Limitations clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the "Schedule" and called for by orders issued in accordance with the Ordering clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(c) Except as this contract otherwise provides, the Government shall order from the Contractor all the supplies or services specified in the "Schedule" that are required to be purchased by the Government activity or activities specified in the "Schedule."

(d) The Government is not required to purchase from the Contractor requirements in excess of any limit on total orders under this contract.

(e) If the Government urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the Government may acquire the urgently required goods or services from another source.

(f) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after the delivery dated required by order(s) placed within the ordering period.

I-7 3.2.4-34 OPTION TO EXTEND SERVICES (APRIL 1996)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within the period specified in the Schedule.

I-8 3.2.4-35 OPTION TO EXTEND THE TERM OF THE CONTRACT (APRIL 1996)

(a) The Government may extend the term of this contract by written notice to the Contractor within 30 days; provided that the Government shall give the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option provision.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed three years, six months.

I-9 3.3.1-10 AVAILABILITY OF FUNDS (APRIL 1996)

Funds are not presently available for this contract. The FAA 's obligation under this contract is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the FAA for any payment may arise until funds are made available to the Contracting Officer for this contract and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer.

I-10 3.3.1-11 AVAILABILITY OF FUNDS FOR THE NEXT FISCAL YEAR (APRIL 1996)

Funds are not presently available for performance under this contract beyond the current fiscal year. The FAA 's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the FAA for any payment may arise for performance under this contract beyond the current fiscal year, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

I-11 3.9.1-1 CONTRACT DISPUTES (AUGUST 1999)

(a) All contract disputes arising under or related to this contract shall be resolved through the Federal Aviation Administration (FAA) dispute resolution system at the Office of Dispute Resolution for Acquisition (ODRA) and shall be governed by the procedures set forth in 14 C.F.R. Parts 14 and 17, which are hereby incorporated by reference. Judicial review, where available, will be in accordance with 49 U.S.C. 46110 and shall apply only to final agency decisions. A contractor may seek review of a final FAA decision only after its administrative remedies have been exhausted.

(b) The filing of a contract dispute with the ODRA may be accomplished by mail, overnight delivery, hand delivery, or by facsimile. A contract dispute is considered to be filed on the date it is received by the ODRA.

(c) Contract disputes are to be in writing and shall contain:

(1) The contractor's name, address, telephone and fax numbers and the name, address, telephone and fax numbers of the contractor's legal representative(s) (if any) for the contract dispute;

(2) The contract number and the name of the Contracting Officer;

(3) A detailed chronological statement of the facts and of the legal grounds for the contractor's positions regarding each element or count of the contract dispute (i.e., broken down by individual claim item), citing to relevant contract provisions and documents and attaching copies of those provisions and documents;

(4) All information establishing that the contract dispute was timely filed;

(5) A request for a specific remedy, and if a monetary remedy is requested, a sum certain must be specified and pertinent cost information and documentation (e.g., invoices and cancelled checks) attached, broken down by individual claim item and summarized; and

(6) The signature of a duly authorized representative of the initiating party.

(d) Contract disputes shall be filed at the following address:

(1) Office of Dispute Resolution for Acquisition, AGC-70
Federal Aviation Administration
400 7th Street, S.W., Room 8332
Washington, DC 20590

Telephone: (202) 366-6400

Facsimile: (202) 366-7400; or

(2) other address as specified in 14 CFR Part 17.

(e) A contract dispute against the FAA shall be filed with the ODRA within two (2) years of the accrual of the contract claim involved. A contract dispute by the FAA against a contractor (excluding contract disputes alleging warranty issues, fraud or latent defects) likewise shall be filed within two (2) years after the accrual of the contract claim. If an underlying contract entered into prior to the effective date of this part provides for time limitations for filing of contract disputes with the ODRA which differ from the aforesaid two (2) year period, the limitation periods in the contract shall control over the limitation period of this section. In no event will either party be permitted to file with the ODRA a contract dispute seeking an equitable adjustment or other damages after the contractor has accepted final contract payment, with the exception of FAA claims related to warranty issues, gross mistakes amounting to fraud or latent defects. FAA claims against the contractor based on warranty issues must be filed within the time specified under applicable contract warranty provisions. Any FAA claims against the contractor based on gross mistakes amounting to fraud or latent defects shall be filed with the ODRA within two (2) years of the date on which the FAA knew or should have known of the presence of the fraud or latent defect.

(f) A party shall serve a copy of the contract dispute upon the other party, by means reasonably calculated to be received on the same day as the filing is to be received by the ODRA.

(g) After filing the contract dispute, the contractor should seek informal resolution with the Contracting Officer.

(h) The FAA requires continued performance with respect to contract disputes arising under this contract, in accordance with the provisions of the contract, pending a final FAA decision.

(i) The FAA will pay interest on the amount found due and unpaid from (1) the date the Contracting Officer receives the contract dispute, or (2) the date payment otherwise would be due, if that date is later, until the date of payment. Simple interest on contract disputes shall be paid at the rate fixed by the Secretary of the Treasury that is applicable on the date the Contracting Officer receives the contract dispute and then at the rate applicable for each 6-month period as fixed by the Treasury Secretary until payment is made.

(j) Additional information and guidance about the ODR dispute resolution process for contract disputes can be found on the ODR Website at <http://www.faa.gov>.

I-12 3.9.1.2 PROTEST AFTER AWARD (AUGUST 1997)

(a) Upon receipt of a notice that a protest has been filed with the FAA Office of Dispute Resolution, or a determination that a protest is likely, the Administrator or his designee may instruct the Contracting Officer to direct the Contractor to stop performance of the work called for by this contract. The order to the Contractor shall be in writing, and shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Upon receipt of the final decision or other resolution of the protest, the Contracting Officer shall either--

(1) Cancel the stop-work order; or

(2) For other than cost-reimbursement contracts, terminate the work covered by the order as provided in the "Default" or the "Termination for Convenience of the Government" clause(s) of this contract; or

(3) For cost-reimbursement contracts, terminate the work covered by the order as provided in the "Termination" clause of this contract.

(b) If a stop-work order issued under this clause is canceled either before or after the final resolution of the protest, the Contractor shall resume work. The Contracting Officer shall make for other than cost-reimbursement contracts, an equitable adjustment in the delivery schedule or contract price, or both; and for cost-reimbursement contracts, an equitable adjustment in the delivery schedule, the estimated cost, the fee, or a combination thereof, and in any other terms of the contract that may be affected; and the contract shall be modified, in writing, accordingly, if--

(1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and

(2) The Contractor asserts its right to an adjustment within 30 days after the end of the period of work stoppage; provided, that if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon a proposal submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

(e) The Government's rights to terminate this contract at any time are not affected by action taken under this clause.

I-13 3.10.1-22 CONTRACTING OFFICER'S TECHNICAL REPRESENTATIVE (JULY 1996)

(a) The Contracting Officer may designate other Government personnel (known as the Contracting Officer's Technical Representative) to act as his or her authorized representative for contract administration functions which do not involve changes to the scope, price, schedule, or terms and conditions of the contract. The designation will be in writing, signed by the Contracting Officer, and will set forth the authorities and limitations of the representative(s) under the contract. Such designation will not contain

authority to sign contractual documents, order contract changes, modify contract terms, or create any commitment or liability on the part of the Government different from that set forth in the contract.

(b) The Contractor shall immediately contact the Contracting Officer if there is any question regarding the authority of an individual to act on behalf of the Contracting Officer under this contract.

I-14 1252.228-72 RISK AND INDEMNITIES (OCT 1994)

The Contractor hereby agrees to indemnify and hold harmless the Government, its officers and employees from and against all claims, demands, damages, liabilities, losses, suits and judgments (including all costs and expenses incident thereto) which may be suffered by, accrue against, be charged to or recoverable from the Government, its officers and employees by reason of injury to or death of any person other than officers, agents, or employees of the Government or by reason of damage to property of others of whatsoever kind (other than the property of the Government, its officers, agents or employees) arising out of the operation of the aircraft. In the event the Contractor holds or obtains insurance in support of this covenant, a Certificate of Insurance shall be delivered to the Contracting Officer.

(b) Offerors are advised to submit proposals, which are clear and comprehensive without additional explanation or information. Additional information may be requested from offerors whose proposals are considered to be reasonably susceptible to being made acceptable; however, the Government reserves the right to award a contract based on initial offers received, without discussions or negotiations.

(c) The technical proposal must provide information to address the following evaluation categories, which are all equal in importance:

(1) Provide a syllabus of the current FAA-approved program. Address the initial, recurrent, and standardization training programs;

(2) Provide an outline form systems training proposed to meet the FAA minimum hours;

(d) In addition to the technical information requested above for evaluation, offerors must provide the following additional information. This additional information will not be evaluated as a part of the technical evaluation; however, it will be used to determine contractor responsibility and ability to perform:

(1) Provide your projected training schedule and dates when contract training can be performed;

(2) Provide a brief description of your experience in conducting similar or identical training on subject type aircraft;

(3) If simulator training is required as a part of your proposal, provide evidence of having a FAA-approved simulator, or proof of access to a FAA-approved simulator, which will enable adequate contract performance;

(4) If the proposal includes lease of an aircraft or a simulator, provide a copy of the lease/rental agreement and documentation showing evidence that lease/rental price is the most advantageous to the Government;

(5) Describe the availability of facilities, classes, instructors, equipment, etc., to meet the requirements of the solicitation.

L.4 REQUEST FOR MODIFICATION OF CONTRACT TERMS AND CONDITIONS (JAN 1997) CLA.4533

Offeror's are hereby notified that the terms and conditions of this SIR shall be changed only through formal amendment(s) issued by the Contracting Officer. If an offeror takes issue with the terms and conditions contained herein, the offeror shall submit a Request for Modification of Terms and Conditions under separate attachment to their proposal. This request should be in offeror's format, on offeror's letterhead, signed by an officer of the company with authority to bind the offeror. The request must include documentation that fully highlights the offeror's proposed changes and must be specific as to the exact term(s) or condition (s) to which the exception(s) are being taken. These changes shall not be binding on the FAA until fully agreed to by both the FAA and the offeror and incorporated into the document prior to contract award.

L.5 3.2.4-1 TYPE OF CONTRACT (APRIL 1996)

The FAA contemplates award of an Indefinite Delivery/Requirements type contract resulting from this Screening Information Request.

L.6 3.9.1-3 PROTEST (NOVEMBER 2002)

AS A CONDITION OF SUBMITTING AN OFFER OR RESPONSE TO THIS SIR (OR OTHER SOLICITATION, IF APPROPRIATE), THE OFFEROR OR POTENTIAL OFFEROR AGREES TO BE BOUND BY THE FOLLOWING PROVISIONS RELATING TO PROTESTS:

(a) Protests concerning Federal Aviation Administration Screening Information Requests (SIRs) or awards of contracts shall be resolved through the Federal Aviation Administration (FAA) dispute resolution system at the Office of Dispute Resolution for Acquisition (ODRA) and shall be governed by the procedures set forth in 14 C.F.R. Parts 14 and 17, which are hereby incorporated by reference. Judicial review, where available, will be in accordance with 49 U.S.C. 46110 and shall apply only to final agency decisions. A protestor may seek review of a final FAA decision only after its administrative remedies have been exhausted.

(b) Offerors initially should attempt to resolve any issues concerning potential protests with the Contracting Officer. The Contracting Officer should make reasonable efforts to answer questions promptly and completely, and, where possible, to resolve concerns or controversies. The protest time limitations, however, will not be extended by attempts to resolve a potential protest with the Contracting Officer.

(c) The filing of a protest with the ODRA may be accomplished by mail, overnight delivery, hand delivery, or by facsimile. A protest is considered to be filed on the date it is received by the ODRA.

(d) Only an interested party may file a protest. An interested party is one whose direct economic interest has been or would be affected by the award or failure to award an FAA contract. Proposed subcontractors are not "interested parties" within this definition.

(e) A written protest must be filed with the ODRA within the times set forth below, or the protest shall be dismissed as untimely:

(1) Protests based upon alleged improprieties in a solicitation or a SIR that are apparent prior to bid opening or the time set for receipt of initial proposals shall be filed prior to bid opening or the time set for the receipt of initial proposals.

(2) In procurements where proposals are requested, alleged improprieties that do not exist in the initial solicitation, but which are subsequently incorporated into the solicitation, must be protested not later than the next closing time for receipt of proposals following the incorporation.

(3) For protests other than those related to alleged solicitation improprieties, the protest must be filed on the later of the following two dates:

(i) Not later than seven (7) business days after the date the protester knew or should

have known of the grounds for the protest; or

(ii) If the protester has requested a post-award debriefing from the FAA Product Team, not later than five (5) business days after the date on which the Product Team holds that debriefing.

(f) Protests shall be filed at:

(1) Office of Dispute Resolution for Acquisition, AGC-70,
Federal Aviation Administration,
800 Independence Ave., S.W.,
Room 323,
Washington, DC 20591,

Telephone: (202) 267-3290,
Facsimile: (202) 267-3720; or

(2) other address as specified in 14 CFR Part 17.

(g) At the same time as filing the protest with the ODRA, the protester shall serve a copy of the protest on the Contracting Officer and any other official designated in the SIR for receipt of protests by means reasonably calculated to be received by the Contracting Officer on the same day as it is to be received by the ODRA. The protest shall include a signed statement from the protester, certifying to the ODRA the manner of service, date, and time when a copy of the protest was served on the Contracting Officer and other designated official(s).

(h) Additional information and guidance about the ODRA dispute resolution process for protests can be found on the ODRA Website at <http://www.faa.gov>.

M.1 EVALUATION OF PROPOSALS (JAN 1997)

CLA.0213

(a) Technical proposals will be evaluated according to the categories listed below, which are all equal in importance and rated as Acceptable or Not Acceptable:

- (1) Current FAA-approved program, including the initial, recurrent, and standardization training programs (as appropriate).
- (2) Systems training proposed to determine that it meets the FAA minimum hours;
- (3) Approved transition training program;

(b) Evaluation of price proposals will consider the total price proposed per student. Price evaluation will also include the total amount offered for supplementary training hours and option years, if requested as a part of the Schedule B.

(c) Award will be made to the lowest-priced, technically acceptable, responsible offeror.

M.2 EVALUATION OF PROPOSALS (JAN 1997)

CLA.1049

(a) Award will be made to the lowest-priced, qualified offeror, which meets all technical requirements.

- (2) systems training required to meet FAA's minimum needs
- (3) approved transition training program
- (4) approved differences training program

Accordingly, an offeror's total evaluated price shall be determined by summing the contract "amount" columns for each contract period and subtracting the amount applicable to the hourly rate for aircraft for each applicable line item. The amount to be excluded from the total evaluated price for each applicable item shall be determined as follows:

M.3 3.2.4-31 EVALUATION OF OPTIONS (APRIL 1996)

Except when it is determined not to be in the Government's best interests, the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s).

**PERFORMANCE WORK STATEMENT
ATR-42/72 PILOT QUALIFICATION TRAINING**

Most FAA pilot/inspectors work with both the ATR-42 and ATR-72. Therefore, Course 28080, ATR-42/72 Differences/Recurrent, requires supplemental training to the contractor's approved ATR-42 Recurrent course to cover ATR-42 versus ATR-72 differences. This should be addressed in both ground school and simulator training. The contractor is required to use both ATR-42 and ATR-72 simulators for this course. The Proficiency Check is to be conducted in the ATR-42.

If the contractor's FAA approved program contains less than the minimum required hours of Part I, Section B, of this solicitation, the contractor is required to supplement their approved program with additional ground school/simulator/flight training, as appropriate, to the minimum required hours. Such additional training should cover systems/procedures or be otherwise directly related to the successful completion of the type rating/proficiency check. The contractor is requested, **within the limits of their approved program**, to substitute training directly related to the successful completion of the type rating/proficiency check rather than company specific training such as employee/customer relations, filling out company forms, evacuation training, company communications, or other items not directly related to the completion of the type rating/proficiency check.

WHEN RESPONDING TO THIS SOLICITATION, THE CONTRACTOR IS REQUIRED TO SUBMIT A COPY OF THEIR FAA APPROVED TRAINING PROGRAM, ALONG WITH PROPOSED SUPPLEMENTAL ADDITIONS/CHANGES. THE APPROVED PROGRAM SUBMITTED MUST INCLUDE A COURSE SYLLABUS, INCLUDING PROPOSED ADDITIONS/CHANGES, IN SUFFICIENT DETAIL TO DETERMINE COMPLIANCE WITH THE MINIMUM HOURLY REQUIREMENTS OF THE SOLICITATION.

The FAA will make every effort to enroll two pilots/inspectors per class. This will allow concurrent training at the captain and first officer positions during simulator/training device periods. It should be noted that the minimum required simulator, training device and aircraft times are per pilot/inspector in the Captains position (left seat). For example, during recurrent training, a requirement of 12 hours simulator time per pilot/inspector would mean a total of 24 hours of simulator required for a two pilot/inspector class. When the FAA enrolls one pilot/inspector per class, it is expected that additional supplementary training may be required. **If an additional crewmember is required for training pilots/inspectors under the "crew concept", the contractor will provide an additional instructor at the rate specified in Section B, Supplemental Training, to accomplish the duties of the additional crewmember. Supplemental training must be approved in advance on a case by case basis by the Contracting Officer.**

Training of FAA pilots/inspectors is not to be conducted between the hours of midnight and 6:00 a.m., including simulator pre/post briefings. A maximum of four hours simulator instruction per day or eight hours of ground school per day per inspector class is permitted. To maintain maximum continuity between simulator training sessions, the contractor is requested to minimize the switching of simulator instructors.

FAA personnel do not ordinarily operate the aircraft in which they are rated on a regular basis. Accordingly, it is necessary that they receive the most complete review possible when attending recurrent training. If the contractor's approved program allows for a partial review of systems and procedures during successive recurrent training periods, it is required that the contractor supplement their approved program to achieve a complete review for FAA pilots/inspectors during each recurrent course.

FAA personnel are usually performing other job functions prior to assignment to training and normally do not have time to devote to pre-course study. Additionally, due to circumstances beyond the control of the FAA or the pilot/inspector, a pilot/inspector may be assigned to training with short notice. If the contractor's approved program requires pre-course study prior to the trainee's arrival at the contractor's training facility, the contractor is required to supplement their approved course to allow for required pre-course study to be accomplished at the contractor's facility after the pilot/inspector's arrival. Such ground instruction must either be classroom or computer based training in accordance with the General Training Requirements of the solicitation.

Pilots/inspectors enrolled in the initial course under this solicitation will meet the requirements of Federal Aviation Regulation (FAR) 61.157 (g)(3)(ii), for initial turboprop type certification totally in a simulator without restriction. The contractor's approved training program must allow unrestricted initial type rating training and checking in the simulator without aircraft flight time under this FAR.

This solicitation requires simulator training to be conducted in a minimum approved Level C Simulator. The contractor may substitute an approved Level 6 or 7 Training Device or a Level A, B, C, or D Simulator for required Level 5 Training Device time specified in Part I, Section B, of this solicitation. Any level training device time may be substituted for the minimum required ground school time. Simulator pre/post briefing may be considered as ground school training. The contractor's approved training program must allow any substitutions the contractor makes.
